

SCORE CARD

1. The land use concept is made up of many different land uses (residential, commercial, parks, schools, environmental areas etc). A number of land uses are concentrated in the Community Core, where transit is planned for in the future. How well do you think that the draft Concept implements Guiding Principle 2: To provide wide range of residential, commercial, and institutional uses, in a manner that reduces the need for an automobile to meet the daily needs of life?

- Great - there is nothing I would change
- Good - but there are one or two improvements I can think of
- Could be better - I can think of quite a few improvements that would make it better
- Off the mark - I would do it totally different
- I don't know

Please explain your answer above and provide any suggested improvements if applicable. _____

2. The draft Concept protects 71 ha of environmental land and provides a network of trails, parks, schools and open space which provides a continuous route through the new community and beyond. How well do you think that the draft Concept implements Guiding Principle 3: To protect natural heritage features and areas, and identify a linked natural and open space system?

- Great - there is nothing I would change
- Good - but there are one or two improvements I can think of
- Could be better - I can think of quite a few improvements that would make it better
- Off the mark - I would do it totally different
- I don't know

Please explain your answer above and provide any suggested improvements if applicable. _____

3. The draft Concept contains a Community Core Area which was designed to be a large community gathering place as well as a number of smaller neighbourhood focal points or gathering places. How well do you think that the draft Concept implements Guiding Principle 4: To create distinct neighbourhoods that feature community focal points and bring people and activities together?

- Great - there is nothing I would change
- Good - but there are one or two improvements I can think of
- Could be better - I can think of quite a few improvements that would make it better
- Off the mark - I would do it totally different
- I don't know

Please explain your answer above and provide any suggested improvements if applicable. _____

4. The draft Concept includes a large Community Park and Town Square Park in the Community Core, and a number of smaller local parks throughout Vision Georgetown. How well do you think the draft Concept implements Guiding Principle 8: To ensure people have access to a range of types and sizes of parks and public spaces, which provide opportunities for recreation, neighbourliness, community events, and cultural activities?

- Great - there is nothing I would change
- Good - but there are one or two improvements I can think of
- Could be better - I can think of quite a few improvements that would make it better
- Off the mark - I would do it totally different
- I don't know

Please explain your answer above and provide any suggested improvements if applicable. _____

5. Approximately 12 ha of land is required to accommodate the shopping needs of the new community. To accommodate this need, the draft Concept includes three larger commercial areas and some small commercial spaces within the Community Core. How well do you think that the draft Plan implements Guiding Principle 6: To provide commercial development in a timely manner through various commercial areas, which are designed for people and pedestrians?

- Great - there is nothing I would change
- Good - but there are one or two improvements I can think of
- Could be better - I can think of quite a few improvements that would make it better
- Off the mark - I would do it totally different
- I don't know

Please explain your answer above and provide any suggested improvements if applicable. _____

6. We have heard from the public that there is a desire for a community focal point in Vision Georgetown. We have responded to this comment by providing a Community Core in the draft Land Use Concept. Do you feel it is important that Vision Georgetown have a Community Core? _____ YES _____NO

If yes, what uses do you feel should be located in the Community Core?
