

BY-LAW NO. 2007-0003

A By-law to provide for the clearing away and treatment of snow and ice on sidewalks within the Town of Halton Hills, and to repeal By-law No. 2005-0068.

WHEREAS Section 8 and 11 of the Municipal Act, 2001 authorizes Council to pass by-laws respecting matters within its sphere of jurisdiction and Section 27 (1) authorizes Council to pass by-laws in respect of a highway under its jurisdiction and the maintenance of all sidewalks in the Town of Halton Hills is within the jurisdiction of the Town of Halton Hills;

AND WHEREAS Council of the Corporation of the Town of Halton Hills deems it expedient to pass a by-law to provide for the clearing away and removal of snow and treating of ice on some sidewalks only;

AND WHEREAS Council of the Corporation of the Town of Halton Hills deems it reasonable to provide this limited service to the residents to maintain a reasonable budgetary expense;

NOW, THEREFORE, BE IT RESOLVED THAT THE COUNCIL OF THE CORPORATION OF THE TOWN OF HALTON HILLS ENACTS AS FOLLOWS:

1. 1. THAT in this by-law, including the Schedules appended here to:
 - 1.1 "Highway" includes a common and public highway, street, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, any part of which is intended for or used by the general public for the passage of vehicles and includes the area between the lateral property lines thereof.
 - 1.2 "Arterial Road" means a major road or highway, used primarily for through traffic rather than for access to adjacent land, that is characterized by high vehicular capacity of movement. Intersections are spaced relatively far apart and are frequently signalized.
 - 1.3 "Collector Road" means a road or highway for which vehicle movement and access are of equal importance. Direct access to adjacent properties may be permitted in some cases, typically in lower-density residential areas. Intersections are spaced at varying intervals and are typically only signalized where the collector road intersects with an arterial road or with another collector road.
 - 1.4 "Local Road" means a road or highway used primarily for access to residence, business or other abutting property.
 - 1.5 "Sidewalk" means a concrete walkway constructed for use by pedestrians on public highways, on walkway blocks between public highways, or a walkway block from a highway to a park or a school board property. This does not include sidewalks used to enter private property and does not include concrete or asphalt surfaces constructed adjacent to curb and gutters as a splash pad area. A sidewalk will include a multi-purpose asphalt surface constructed on a highway that is designated for use by both pedestrian traffic and bicycle traffic.
 - 1.6 "Sidewalk Snow Clearing Services" means the treatment of snow covered and/or icy sidewalks.

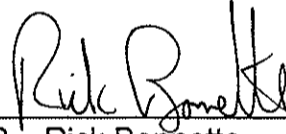

- 1.7 "Snow Accumulation" means the natural accumulation of new fallen snow or wind blown snow that covers more than half the width of the sidewalk. The snow accumulation from other than natural sources does not fall within this standard.
- 1.8 "Town" means the Corporation of the Town of Halton Hills.
- 1.9 "Treatment of Icy Sidewalks" means the placing of sand or salt near the centre of the sidewalk in a pattern formation but not covering the whole of the sidewalk.
- 1.10 "Treatment of Snow Covered Sidewalks" means the pushing of snow to the side or sides of the sidewalk to a width of at least 0.9 meters.

2. THAT for the purpose of this by-law,

- 2.1 Any sidewalks constructed for use to access buildings or properties not owned by the Town of Halton Hills shall not be included in the sidewalks that receive sidewalk snow clearing services even though they may be constructed on a highway to access a public sidewalk, curb, splash pad or roadway. These sidewalks shall be classed as private sidewalks and are not the responsibility of the Town for any maintenance purpose.
- 2.2 Any concrete or asphalt surfaces constructed adjacent to the edge of a road, as a splash pad is not a sidewalk and are not the responsibility of the Town of Halton Hills for winter maintenance purposes. The final determination of what is a sidewalk adjacent to the road way and what is a splash pad can be found on as built drawings or, if none available, the Director of Engineering and Public Works will make the distinction between sidewalks and splash pads.
- 2.3 The Town provides sidewalk snow clearing services on public sidewalks constructed on highways that are classified as arterial or collector streets, all roads with an AADT over 1000, and all sidewalks on highways with schools adjacent to the highway.
- 2.4 The Town provides sidewalk snow clearing services on sidewalks in walkway blocks with connection to a sidewalk on a collector or arterial highway and roads with an AADT over 1000 vehicles.
- 2.5 The Town will annually review services on new streets and sidewalks, and update this by-law as soon as practical after becoming aware of the sidewalks reaching the criteria set out in 2.3, 2.4 and 2.5. Approval for new services commences after Council has approved the schedules to this by-law.
- 2.6 The minimum standard for clearing snow accumulation is,
 - 2.6.1 While the snow continues to accumulate, to deploy resources to clear the snow within 12 hours after becoming aware of the fact that the snow accumulation on the sidewalk is greater than 15 cm.
 - 2.6.2 After the snow accumulation has ended, and snow accumulation is less than 8 cm deep, it is deemed that the sidewalks are cleared and no further action by the Town is required.
 - 2.6.3 After the snow accumulation has ended and after becoming aware that the snow accumulation is greater than 8 cm deep, the Town will deploy resources as soon as practical, and clear the snow accumulation within 48 hours. It is then deemed that the sidewalk is maintained.

- 2.7 The minimum standard for treating an icy sidewalk is to deploy resources to place sand or salt on the icy sidewalk as soon as practical after becoming aware that the sidewalk is icy. After a treatment is placed, it is deemed the sidewalk is maintained. The Town has 48 hours after becoming aware that the sidewalk is icy to treat the sidewalk.
3. Attached to this by-law is Schedule 'A' that lists the sidewalks and walkways that receive sidewalk snow clearing services. The Council for the Town of Halton Hills may amend this list to any degree despite the policy set out in section 2 of this by-law.
 4. THAT the Director of Engineering and Public Works or their designate shall administer this by-law.
 5. THAT the Director of Engineering or their designate may clear or treat any sidewalk if it is determined that a public safety hazard exists.
 6. THAT this by-law be referred to as the "Sidewalk Snow Clearing By-law".
 7. THAT all schedules attached to this by-law form part of this by-law.
 8. THAT By-law No. 2005-0068 is hereby repealed.
 9. THAT this by-law shall come into full force and effect as of the date of it's passing.

BY-LAW read and passed by the Council for the Town of Halton Hills this 8th day of January, 2007.

MAYOR – Rick Bonnette

CLERK – Karen Landry

SCHEDULE "A" TO BY-LAW NO. 2007-0003

SIDEWALKS RECEIVING SNOW CLEARING SERVICES ARE ON COLLECTOR AND ARTERIAL HIGHWAYS, AND SIDEWALKS IN WALKWAYS THAT CONNECT TO SIDEWALKS ON COLLECTOR AND ARTERIAL HIGHWAYS.
